**Year:** 1944  
**Manufacturer:** North American  
**Model:** SNJ-5  
**Price:** \$179,900  
**Location:** Memphis, TN  
**Condition:** Used  
**Registration:** N3261G  
**Serial#:** 88-14725  
**Total Time:** 5100 Hours

## **General Information:**

World Famous Felix – Exceptionally low time SNJ-5 in Excellent Condition! Beautiful Paint, Garmin GNS 430 & GTX327

## **Detailed Description:**

World Famous “Felix” is being offered for sale! Felix has been a fixture at the Reno National Air Races for many years as the T-6 Class Pace Plane. It is a beautiful 1944 North American SNJ-5 and it is in excellent condition, with low time, complete logbooks and a great paint scheme. It also has the very rare wing and fuselage gun barrels installed. This plane is loaded with the best avionics including a Garmin GNS430 and PS Engineering PM4000 audio panel and Garmin GTX327 Transponder. It has always had the finest maintenance, including an extensive annual October 2007.

Felix is a great performer as well as it had a complete Tulsa Motor firewall forward overhaul in May of 2004, which included replacing all the hoses, overhauled Bosch magnetos, starter and an extensive exhaust inspection. It only has approximately 150 hours since the overhaul. You will not be disappointed with its strong, smooth running engine. American Propeller overhauled the propeller at the same time as the engine. Their trademark Designer-Prop was applied with the Felix logo.

## **Engine Specs:**

600 HP Pratt & Whitney R1340-AN-1

Serial#

150 SMOH

Smooth running P&W 1340 with only 150 hours since major overhaul!

## **Propeller:**
